

HGKX

Campus.Werkstätten

Dear

You will receive the HGKx ID 2024 for the use of the Campus.Werkstätten of the HGK. The conditions for using the Werkstätten are the same as during your studies.

The HGK does not provide accident and liability insurance for alumni. You are therefore responsible for your own personal insurance situation (accident and liability). Without this, you may not use the workshop.

The terms of use for the Campus.Werkstätten are enclosed with your ID card. The Campus.Werkstätten can only be used during the official opening hours and if the occupancy allows it. The Campus.Werkstätten cannot be used during the "open Werkstätten" in the evenings or at weekends. The dates of use must be agreed in advance with the respective Werkstatt leader and the pass must be shown to the workshop leader. In the following, this person acts as a mentor or contact person for the project organization and the final accounting.

Kind regards
Françoise Payot and Fiona Rahn
